

changing times require re-thinking: how can you stay cutting edge?

Keep costs variable. Promote lean processes. Outsource anything that does not form part of the core competence. Have the latest technology at your disposal without having to buy it at high cost. Lugstein Laser Cutting Technology is a really good option for you towards gaining more freedom and a new mobility:

- + Top machinery of the latest design.
- + Competence gained from cutting and administering more than 1.5 million laser parts per year.
- + High flexibility and guaranteed just-in-time security.
- + Process and quality security from more than 60 years of experience in the cooperation with leading industrial companies in Europe.
- + Central location in the heart of Europe.

lugstein+

high-precision technology for sharp deadlines.

Experienced people for reliable performance. Favourable prices for easy decisions. Let's talk about the many possibilities that target-oriented cooperation has to offer - without any commitment for you! You will see that it is worthwhile to think about alternatives to old routines and to make use of specialized partners. The advantages and benefits speak for themselves:

- + Exact and precisely calculable costs.
- + Know-how and support to make logistics and stock management easier.
- + Cost-optimized processes.
- + Interesting conditions.

Concentrated energy at your services ... laser technology has taught us what you can achieve by focussing. We will be happy to place this enormous potential at your disposal.

Simply give us a call at +43 (0) 77 46 / 24 05 0 or send an e-mail to office@lugstein.com
